

BYE DROP

Wax for washing by hand

REV. 2/13-06-2016

AVAILABLE FORMAT

Item	Format
180493	L 10
180494	L 26

USE

After washing and rinsing the car, dilute approximately 100 grams of product in a simple watering can containing 10 L of water. Then pour this solution slowly over the bodywork. Wait for the water to drain off, then dry the few remaining droplets. It is advisable to increase the concentration of the product in winter.

PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Cationic solution
Physical state	Liquid
Solubility in water	Soluble
Color	Yellow
pH	5 ± 1
Density	0,980 ± 0,020 g/ml

Refer to the safety data sheet for hazard information and precautions.

USAGE

It is used after washing the car by hand, during the rinsing phase. The water-repellent action ensures quick drying of the vehicle, and avoids unpleasant smearing on the paintwork due to scaling from the water.
