

SUPER-BI

Specific stain remover for whites

REV. 6/08-01-2024

AVAILABLE FORMAT

Item	Format
180988	ml 751

USE

To pre-treat white items, spray the product directly onto the stain and leave to act for a few minutes; sponge if necessary, then wash in the normal washing-machine cycle.

PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Non-ionic active-chlorine solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Pale yellow
pH	13 ± 1
Density	1,092 ± 0,020 g/ml

Refer to the safety data sheet for hazard information and precautions.

USAGE

A bleach-based pre-treatment professional additive, formulated to remove stains, greying and yellowing of white items (sheets, curtains, towels, etc.) and restore their original whiteness. It penetrates quickly and deep down into the fibres, effectively eliminating dirt and streaks.
