Machine wash: add 10 g of product per kg of laundry while the machine is filling with water.

PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Anionic solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Blue
pH	11 ± 1
Density	1,000 ± 0,020 g/ml

Refer to the safety data sheet for hazard information and precautions.

USAGE

Liquid, washing-machine detergent ideal for all types of cotton and polyester fabrics, coloureds and laundry in general. Its particular blend consists of a special combination of surfactants and guarantees complete removal of dirt and grease in fabrics, even when washing at low temperatures. The product protects fibres and colours. It is also suitable for use in launderettes.

The above information is based on experience, tests and current documentation. In the event of improper use of the product and non-compliance with the necessary precautions, the information provided does not constitute a guarantee and does not entail any legal liability.
