

## FRIGO E MICROONDE

Sanitising freshener detergent

REV. 7/12-11-2025

### USE

Use the product undiluted.

For frequent cleaning: using a hand sprayer, spray the product onto a clean, dry cloth or paper towel, wipe over the surface and wipe again with a cloth moistened with water.

For more thorough cleaning: using a hand sprayer, spray the product directly onto the surface, wait a few moments and wipe with a clean, dry cloth or paper towel. Then wipe over again with a cloth moistened with water.

## PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Non-ionic solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Yellow
pH	4± 1
Density	0,995 ± 0,020 g/ml

Refer to the safety data sheet for hazard information and precautions.

## USAGE

Sanitising detergent with freshener based on raw materials of plant origin, specially formulated for cleaning the interior of refrigerators, freezers and microwave ovens. The product is particularly effective in removing organic dirt thanks to the substances it contains which exert a vigorous wetting and emulsifying action.

FRIGO E MICROONDE also dispels unpleasant smells and does not damage the parts it comes into contact with.

The product complies with the professional HACCP system providing a higher level of food safety.
