USE

Shake thoroughly before use. Dilute the product from 1:1 to 1:4 depending on the type and extent of the dirt. Spray the product onto a soft and moistened cloth (such as Panno Pell-Neth), then wipe it delicately over the surface in circular movements. In case of stubborn dirt, the product can also be used undiluted.

CAUTION: Given the different types of leather on sale, it is recommended to test product compatibility in a confined and concealed area before use. Do not use on parts that are excessively hot. Do not use on suede or Alcantara. Avoid storing the product at temperatures below 4°C.
