

VIA CEMENTO

Cement and scale remover

REV. 7/22-05-2020

AVAILABLE FORMAT

Item	Format
220292	kg 10
220283	kg 26

USE

VIA CEMENTO can be used undiluted or diluted up to 30% in water (depending on the type of deposits). Apply to the surface, leave to act for a few minutes and then rinse. In some cases, repeat the operation using a sponge, large brush or cloth.

CAUTION: On zinc, tin and aluminium parts, proceed with caution, checking product compatibility on a small, less visible area. Do not allow the product to dry before rinsing it off. Avoid using the product on hot surfaces.

PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Non-ionic solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Straw yellow
pH	1 ± 1
Density	$1,110 \pm 0,020$ g/ml

Refer to the safety data sheet for hazard information and precautions.

USAGE

Acid-based product specifically designed for removing cement deposits on ferrous, enamelled or ceramic parts. Ideal for removing and breaking up concrete residues from heavy vehicles: mechanical diggers, cement mixers, dumper trucks and construction equipment etc.
