

## NEVE EXTRA PLUS

**Concentrated snow-effect foaming product**

### AVAILABLE FORMAT

Item	Format
200941	kg 10
220553	kg 26

REV. 5/13-06-2016

### USE

In systems with foaming devices and dosing pumps: set the system intake to approximately 30-50 grams of undiluted product for each washing cycle. The most suitable dosage may depend on the different system types.

**CAUTION:** Do not allow the product to dry on the parts before rinsing it off. Do not use on parts that are particularly hot.

### PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Anionic solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Pink
pH	$7 \pm 1$
Density	$1,000 \pm 0,020$ g/ml

Refer to the safety data sheet for hazard information and precautions.

### USAGE

Concentrated foaming product with neutral pH: it creates a pleasant visual effect while the vehicles are being washed. The foam dissolves with ease during rinsing, preparing the bodywork for the next phase of waxing.
