## USAGE

All-purpose alkaline detergent with an effective degreasing action, specially formulated for cleaning equipment, containers of all types including pasteurisers, stainless steel tanks, floors, walls and washable surfaces in general. It does not in any way damage treated surfaces. The active ingredients it contains facilitate rapid dirt removal thanks to their strong saponifying action. The sequestrants it contains makes RESS G89 ideal for use in hard water. It is used in the food processing industry, agricultural food industry, cheese factories, oil mills, fish industry and in kitchens used in the catering sector etc.
