ANTIADESIVO P49

Protective anti-adhesive product

REV. 4/25-10-2025

AVAILABLE FORMAT	
Item	Format
220786	L 10
220730	L 25

USE

Spray the product as it is evenly on the parts to be treated.

PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Mix of solvents
Physical state	Liquid
Solubility in water	Insoluble
Color	Colourless
pH	n.a.
Density	0,738 ± 0,020 g/ml

Refer to the safety data sheet for hazard information and precautions.

USAGE

Product intended for the building-cement industry, specially formulated to prevent the adherence of sediment on vehicles used for the transport of cement. Also excellent for use when dismantling formworks. ANTIADESIVO P49 can be safely used on any type of surface: metal, wood, plastic, rubber, etc. The product does not damage the materials it comes into contact with and protects the treated parts from rust, cracking and premature wear.

The above information is based on experience, tests and current documentation. In the event of improper use of the product and non-compliance with the necessary precautions, the information provided does not constitute a guarantee and does not entail any legal liability.
