

## CLEAN PAVING STRONG

Acid detergent for external paving

### AVAILABLE FORMAT

Item	Format
220924	kg 10
220925	kg 26

REV. 7/23-10-2018

### USE

Dilute CLEAN PAVING STRONG to 50% with water, apply the solution evenly over the surface to be cleaned, leave to act for a few seconds and then rinse thoroughly. For particularly stubborn dirt, increase the concentration of the product or use it undiluted or increase the contact time with the surface.

### PHYSICAL-CHEMICAL CHARACTERISTICS

Chemical classification	Non-ionic solution
Physical state	Liquid
Solubility in water	In every ratio
Color	Dark yellow
pH	$1 \pm 1$
Density	$1,110 \pm 0,020$ g/ml

Refer to the safety data sheet for hazard information and precautions.

### USAGE

This acid-based product, ideal for cleaning the flooring in car-wash systems, CLEAN PAVING STRONG is particularly effective in removing dirt due to the special substances it contains that exert a vigorous wetting and emulsifying action. The product returns the treated parts to their original appearance
